IN MEMORIAM:

In loving memory of our dear wife and mother, Mrs. A. B. Ferguson, who left us two years ago, April 7, 1948.

If we had all the world to give,
We would give it, yes, and more
To hear her voice and see her smile,
And greet her at my door.
But all we can do, dear mother,
Is go and tend your grave.
And leave behind tokens of love
To the best mother God ever made.
We would like to think, when life is
Done, Wherever Heaven may be,
That she will be standing at the
Door, up there, to welcome us.

—Sadly missed by Husband and Children. (p)

The Virginia Department of Agriculture and Immigration makes a yearly check of seed tags for completeness and correctness in their last report, on the basis of 754 samples (more than twice as many as any other seed dealer), the Department found Southern States Cooperative to be in the top "Class A" group.* Only seven other seed dealers were able to meet the high requirements for this rating.

This fact is important to you because it proves that you can have faith in the information given on Southern States Seed Tags. The purity, origin, germination, weed content and other factors shown on the tag are vital to the outcome of your crops. So read your Seed Tags carefully. Know what you are getting. And remember that every Southern States Seed Tag is backed up by the high seed quality standards that have built the reputation of Southern States Cooperative.
